

Included in your Wolsey Hall courses

All our course fees include the required course books, access to online learning materials and subscriptions, as well as access to a selection of free Wolsey Hall courses and guides. You will be allocated Tutors who will provide feedback on submitted assignments and respond to academic questions submitted via our messaging system on our learning platform. In addition, you will have access to the Community area, Clubs and Virtual Library.

Lower Secondary and AS courses cover curriculum content for one academic year, designed to be completed within one year. IGCSE and A Level courses cover content for two academic years and are designed to be completed over two years.

How our course fees work

We offer course bundles so the more subjects a student enrolls on, the lower the cost of each course. It is possible to study at different year levels within Lower Primary, Upper Primary, Lower Secondary, IGCSE and AS/A Level (this does not include enrolling on the same subject at different levels at the same time), if the entry criteria are met.

If you are considering combining Secondary subjects with other courses across different years, reach out to our team if you need support.

Sibling benefits

We offer a 10% discount to the sibling of a new or current student of Wolsey Hall Oxford. The first student from a family enrolled with Wolsey Hall will not receive a sibling discount.

Bundle fees

To find the price per course, use the column that represents the total number of courses that your child will be enrolling on now for this academic year, e.g. if your child is enrolling on 3 Lower Secondary courses, please use the column entitled '1-3 courses' to see the course prices. We offer you the facility to pay the fees in full or by instalment. If you choose to pay in full, you receive a 5% discount, as shown in the prices on Pages 2 and 5.

Calculating our fees

STEP ONE

Count Your Subjects

List out all the subjects you want to take, together with the likely year group.

These could be a range of Primary and Secondary courses, as long as each subject appears once.

1

STEP TWO

Find the Matching Bundle

Once you know how many subjects you are taking, find the corresponding bundle column. For instance, if you are taking 5 subjects, look at the 5+ Course Bundle column.

Please note that Short Courses cannot be included in the bundles.

2

STEP THREE

Check the Fees

In the selected bundle column, locate each subject you listed and note down its fee.

Remember, if your subjects are from different levels (like Upper Primary), you might need to consult our Primary Course Fees document.

3

Fee Example

Oliver is going to study 4 Lower Secondary subjects so his prices are in the 4 course bundle column - English (£617.50), Maths (£617.50), Art (£552.50) and Science (£617.50). His total cost of courses will be £2,375.

Remember, if you wish to include Primary subjects, you will need to consult our Primary Course Fees document.

Lower Secondary Fees: Paid in Full			
Year 7, Year 8 or Year 9			
Fee per course depending on quantity selected	1-3 Courses	4 Courses	5+ Courses

Science	£700.00	£650.00	£600.00
Short Courses			
Digital Literacy	£360.00		
Music Appreciation	£360.00		
Skills for Life	£340.00		

Short Courses can only be taken with other courses, so you cannot select just a single Short Course or just two Short Courses, without other courses being studied at the same time. The Short Courses are excluded from the fee bundles.

If paying by instalments, you will make an initial payment of 25% of the total fee, followed by six monthly payments of 12.5% each. Please note, instalment payments must be completed by two months before the relevant examination date or course completion date, and also before re-enrolling on a subsequent course.

For further details please refer to our T&Cs, which can be found at: www.wolseyhalloxford.org.uk/terms-and-conditions.

Illustration of our IGCSE (2-Year) Programme

Our full-time, two-year IGCSE programme is designed to provide a solid academic foundation, equipping students with essential skills for A Levels and future studies. This structured illustrative bundle includes core subjects that develop numeracy, literacy, and scientific reasoning while fostering critical thinking and effective communication. With a well-rounded curriculum, students gain the knowledge and skills needed for diverse academic and career opportunities.

All our course fees include the required course books, access to online learning materials and subscriptions, as well as access to a selection of free Wolsey Hall courses and guides. It does not include external examination fees. You will be allocated Tutors who will provide feedback on submitted assignments and respond to academic questions submitted via our messaging system on our learning platform. In addition, you will have access to the Community area, Clubs and Virtual Library.

8 subjects included in this illustration:

- Maths
- English Language
- Science (2 x IGCSE courses from our Science options)
- Language
- Choose 3 other courses from our other subjects (some exclusions apply). See page 2 or 3.

Course Examples	No.	Paid in Full	Paid by Instalment
English Language	1	£712.50	£750.00
Maths	1	£712.50	£750.00
Languages: French, German or Spanish	1	£1,187.50	£1,250.00
Science: 2 x IGCSEs chosen from the following: Co-ordinated Sciences*, Biology, Chemistry, Physics	2	£1,330.00	£1,400.00
Other Courses**	3	£ 1,995.00	£2,100.00
Total Cost	8	£5,937.50	£6,250.00

*Co-ordinated Sciences is a course which leads to 2 x IGCSE qualifications.

**Other Courses do not include Art and Design, Additional Maths, English as a Second Language or additional Modern Foreign Languages.

Lower Secondary, and AS courses cover curriculum content for one academic year, designed to be completed within one year. IGCSE and A Level courses cover content for two academic years and are designed to be completed over two years.

If you are considering combining Secondary subjects with Primary subjects, reach out to our team if you need support.

If paying by instalments, you will make an initial payment of 25% of the total fee, followed by six monthly payments of 12.5% each. Please note, instalment payments must be completed by two months before the relevant examination date or course completion date, and also before re-enrolling on a subsequent course.

Want to see the full selection of our courses?

Please use the full course list on the following page. If you would like to add more courses to the 8 shown above, then please apply the cost structure as outlined on the next pages.

Sibling benefits

We offer a 10% discount to the sibling of a new or current student of Wolsey Hall Oxford. The first student from a family enrolled with Wolsey Hall will not receive a sibling discount.

For further details please refer to our T&Cs, which can be found at: www.wolseyhalloxford.org.uk/terms-and-conditions.

Fee Example

Oliver is going to study 4 IGCSE subjects so his prices are in the 4 course bundle column - English Language (£807.50), Maths (£807.50), Co-ordinated Sciences (£712.50 x 2). His total cost of courses will be £3,040.

Remember, if you wish to include Primary subjects, you will need to consult our Primary Course Fees document.

IGCSE Fees: Paid in Full			
Year 10 and Year 11 (Inclusive)			
Fee per course depending on quantity selected	1-3 Courses	4 Courses	5+ Courses
Art & Design	£1,330.00	£1,235.00	£1,187.50

AS and A Level Fees

AS: Year 12 only

A Level: Year 12 and Year 13 (Inclusive)

AS LEVEL: YEAR 12 (1 YEAR)*
A LEVEL: YEAR 12 & 13 (2 YEARS)

What our AS and A Levels include

All our course fees include the required course books, access to online learning materials and subscriptions, as well as access to a selection of free Wolsey Hall courses and guides. It does not include external examination fees. You will be allocated Tutors who will provide feedback on submitted assignments and respond to academic questions submitted via our messaging system on our learning platform. In addition, you will have access to the Community area, Clubs and Virtual Library.

AS Level Fees				
Year 12 only*				
Fee per course depending on quantity selected	1-2 Courses	3 Courses	4 Courses	5+ Courses
AS Level: 1 year, paid in full	£1,092.50	£902.50	£807.50	£760.00
AS Level: 1 year, paid by instalments	£1,150.00	£950.00	£850.00	£800.00
A Level Fees				
Year 12 and Year 13 (Inclusive)				
A Level: 2 years, paid in full	£1,805.00	£1,567.50	£1,472.50	£1,377.50
A Level: 2 years, paid by instalments	£1,900.00	£1,650.00	£1,550.00	£1,450.00

*If you wish to study only Year two of an A Level/s, then AS fees apply.

If paying by instalments, you will make an initial payment of 25% of the total fee, followed by six monthly payments of 12.5% each. Please note, instalment payments must be completed by two months before the relevant examination date or course completion date, and also before re-enrolling on a subsequent course. For further details please refer to our T&Cs, which can be found at: www.wolseyhalloxford.org.uk/terms-and-conditions.

Course duration

Lower Secondary and AS courses cover curriculum content for one academic year, designed to be completed within one year. IGCSE and A Level courses cover content for two academic years and are designed to be completed over two years.

AS Level and A Level cross level bundling

If a student chooses AS level subjects alongside other A Level subject choices, the AS subjects can be included when bundling. One of the most common combinations is three full A levels and one AS level. The cost for this would be three A Level courses at £1,472.50 + one AS Level course at £807.50 = total £5,225.00 (if paid in full). Our Wolsey Hall Oxford Admissions team will be able to advise if you have any questions about cross-level bundling.

Sibling benefits

We offer a 10% discount to the sibling of a new or current student of Wolsey Hall Oxford. The first student from a family enrolled with Wolsey Hall will not receive a sibling discount.

For further details please refer to our T&Cs, which can be found at: www.wolseyhalloxford.org.uk/terms-and-conditions.
