NAME: *****

YEAR: 6

PART:3

SUBJECT: English

Assignment 1:
98%

Assignment 2:
93%

Assignment 3:
85%

AVERAGE: 92%

ASSIGNMENT 1:

A strong way to start the third term, *****! You have exhibited a secure understanding of subordinate clauses, prefixes to create words that mean the opposite, and the difference between concrete and abstract nouns. Your punctuation was completely perfect!

The answers to the comprehension questions show you understand the text and successfully draw inferences! Your writing was a pleasure to read. An original idea that grabs the reader's attention from the very beginning. You gave great detail, excellent word choice and exhibit strong voice. Additionally, you do a great job getting the reader to understand how your main character is feeling even taking us on the roller coaster of emotions. Great job!!!

ASSIGNMENT 2: 93%

Another exceptional assignment, *****! Super work on the comprehension questions showing you understood the text perfectly, successfully drew inferences and made personal connections as you read.

The grammar and punctuation portion of the assignment was just shy of perfect. You accurately identified phrases using brackets, created compound adjectives, contractions and can use apostrophes to show possessive nouns (children's people's).

Your creative writing was a pleasure to read. You had original ideas and an appropriate sequence of events that flowed smoothly. It is clear you made deliberate word choices for impact and had strong voice. There are a few places where your sentences read a bit choppy (see the assignment for specifics and suggestions) but overall, very well done! Keep up the great work!

ASSIGNMENT 3: 85%

A strong finish to Year 6, *****! You are beginning to understand adverbs (time, manner, place) and can identify opposites. There are just a couple for you to review. Have a quick look over part c. of the punctuation as it was a bit confusing. Excellent work on the comprehension questions. Your understanding of the text is evident in the answers you provided as is your ability to refer to the text when explaining views. Great work using complete sentences!

Your creative writing was thoughtful and included an original idea. The structure and sequence of your writing was appropriate as was the content and you did a fine job putting us in the shoes of a gospel singer! A few things for you to review on it - please let me know if you have any questions! I'm happy to Skype and go through it if you'd like! Congratulations on completing Year 6 English!

END OF COURSE COMMENTS:

***** proved to be an outstanding English student. He learnt and applied new grammar concepts with ease and his reading comprehension was consistently excellent throughout the year. ***** is also a solid writer. He came up with original ideas for each writing assignment and clearly gave a of thought to word choice. I have no doubt but that ***** will be a successful KS3 English student. Any teacher would be lucky to count him amongst their students!

NAME: *****

YEAR: 6

PART: 3

SUBJECT: Geography

Assignment 1:
76%

Assignment 2:
72%

Assignment 3:
80%

AVERAGE: 76%

ASSIGNMENT 1:

Nice detailed writing here with good structure and a clear conclusion. You have given a wide range of points supporting your argument on whether or not the world is running out of space. I can see you have thought carefully and given your own independent opinion. You could have added more balance in your final writing by referring to more of the opposing arguments. Great work!

ASSIGNMENT 2:

Lovely use of colour and images on the front page of your global warming leaflet. Your writing is clear and you have explained how the greenhouse effect works really well. You have also included some good detail on the effects of global warming and how we can help prevent it. You did not cover what caused global warming (burning of fossil fuels etc). Also take care with full stops and make sure you don't repeat information unnecessarily. Overall some really good points made.

ASSIGNMENT 3:

As usual, it is clear that you have put time and thought into this work and your final packaging decision is good and very well justified. You have completed all tasks clearly, with in-depth explanations to show why you made these decisions. Your final design is appropriate, but you could have spent a bit more time on presentation, e.g. adding colour and more labels to your design, showing the consumer how environmentally friendly it is. Overall a great finish to the course!

END OF COURSE COMMENTS:

Well done on completing the Year 6 course, *****. Your assignment average for this topic is 76%. You have shown a wide range of skills and are developing your independent leaning skills nicely – great research, writing, presentation and decision-making. The task now is to continue developing the depth of your writing in particular explanations.

Your high average marks for Topic 1 (94%) and Topic 2 (81%) give you an average assignment mark for the whole Year 6 course of 84%. This is really excellent and shows that you are a good all-rounder who understands a range of geographical concepts in detail. I really hope that you will continue to our KS3 course as you have been a pleasure to work with and I think you would enjoy continuing to develop your geographical skills.

NAME: *****

YEAR: 6

PART:3

SUBJECT: History

Assignment 1:
100%

Assignment 2:
92%

Assignment 3:
96%

AVERAGE: 96%

ASSIGNMENT 1:

100% Great work on your time capsule, *****! You included a capsule, five different appropriate items as well as a wonderful drawing of each along with a brief explanation.

Your diary entry provided a detailed look at a day in the life of an Anglo-Saxon child. Overall, you included appropriate, relevant information. Excellent job! Please let me know if you have any questions. Kind regards, Tara

ASSIGNMENT 2:

92% Great work on this assignment, *****. The design as well as explanations of your creature contain excellent word choice and description; it is clear you put a lot of thought and effort into creating it. The illustration of your creature is very well done! Overall, a super job! Please let me know if you have any questions! Kind regards, Tara

ASSIGNMENT 3:

96% A superb final submission for Year 6 History, *****. You distinguish between primary and secondary sources and understand the impact King Alfred as well as the Vikings had on Anglo-Saxon England. The answer and evidence from the sources you provided on the final question were excellent; the best I have seen! You even took his weaknesses and explained why one could perceive them as strengths. Overall, an outstanding job! Congratulations on completing Year 6 History! Kind regards, Tara

END OF COURSE COMMENTS:

***** had an exceptional final term in History with an overall average of 96%. He displays a deep knowledge and understanding of events, people and changes and can select and combine information from different sources to answer historical questions with great detail. Well done ***** and good luck in Key Stage Three!

NAME: ***** **YEAR:** 6 **PART:** 3

SUBJECT: Mathematics

Assignment 1: 100%	Assignment 2: 100%	Assignment 3: 98%	AVERAGE: 99%
------------------------------	------------------------------	-----------------------------	---------------------

ASSIGNMENT 1:

Congratulations on an excellent first Maths assignment for Term 3! ***** , your work is extremely precise and clear throughout your assignment. Thank you for including accurate and neat calculations which show a strength in all areas of Maths covered. Your Word Problems are presented clearly and it is easy to see how you have worked through each question. My only suggestion to you would be to keep challenging yourself as much as possible.

ASSIGNMENT 2:

***** , you have continued to excel and shown a great understanding of all numeracy skills throughout this assignment. Your multiplication and division calculations are clear and precise and your work with fractions is very accurate. Keep up the great work!

ASSIGNMENT 3:

Congratulations on an excellent final assignment for Term 3 Maths. ***** , you have shown a great understanding of numeracy throughout each question as well as data handling and measures. Please review the corrections I have included for you on a couple of the addition of fractions questions. Thank you for including such clear working out as this meant you were still able to gain some marks for effort.

STRENGTHS:

***** , congratulations on another excellent Term in Maths. Your work indicates an excellent understanding of all skills covered and your accuracy with problem solving supports this fact. Well done!

AREAS TO IMPROVE:

My only suggestion is to continue to enrich your existing strength in Maths with some real world maths investigations and explorations. You might also enjoy challenging yourself with some multi-level problem solving activities.
